

ENVIRONMENTAL POLICY

Wymark Ltd is committed to the design, manufacture and disposal of automatic lubricators in an environmentally responsible manner.

In particular the company will:

- Use processes, materials and products that avoid, reduce or control pollution
- Use its resources in an efficient and conservation-friendly manner, recycling as much as possible
- Minimising energy consumption where practical and using bulk orders to maximise the efficient use of transport
- Seek to continually improve its environmental performance
- Comply with applicable environmental legislation, regulations and codes of practice
- Maintain an environmentally healthy working environment for its employees and visitors
- *Annually review this policy for relevance and compliance*
- *Communicate verbally to relevant staff any relevant environmental issues*

Employees will:

- co-operate with the management to enable the company to meet all statutory duties and continually improve the environmental performance of the company
- *comply with customers' and suppliers' environmental rules while on their premises or on site*

This policy will be communicated to all employees and made available to interested parties on the company website www.wymark.co.uk.

Signed:*MDane*..... Dated:24/03/2026.....
